## Last school week

The last weeks past very quickly! Next week is already the last school week. Due to the corona crisis, the merger of Schreuder and Vlinderboom, the thorough renovation and the change in childcare, this school year was very intensive. For you as parents, for the school team and for the children. But how well the students got through this. And that is what is most important.

We are very much looking forward to the arrival of the Vlinderboom children and their team members, in order to be a healthy and attractive school again. We will get used to the new children and team members on Thursday 2 July.

During the holidays, work on the building will be continued, so that we can start the new school year in a beautiful renovated school building. I can't wait to welcome you then. But first enjoy a wonderful summer vacation!

### Group occupancy 2020-2021

In a previous newsletter you have read that we will have 9 regular groups and 3 uniQ groups next school year. Below you can see which teacher will be in which group.

Floor Duijs and Melissa van Heertum are two young, enthusiastic teachers who worked at the Vlinderboom. Miss Floor will teach group 4; Miss Melissa will be teaching the group 8, consisting of Vlinderboom students. The parents of group 1/2 received an email yesterday about the distribution of the students over group 1 / 2A and 1 / 2B. For group 6, Lars Huijbregts will be the group teacher. This school year he has proved his worth for the current group 6 and the team. A super fine teacher and a master moreover! Master Lars will be present on Thursday 2 July at the “wenmoment”.

As of the new school year, a new internal supervisor will also be hired at Schreuder. Her name is Rebecca Verdellen. She will work on Monday, Tuesday and Wednesday. She takes over from Patricia Sniekers, who has done excellent work over the past year. We would like to thank Patricia very much for her efforts. Thursday July 2 will be her last working day.

An internal supervisor has also been hired for the uniQ groups. Her name is Ria van Gerven and she will work on Schreuder on Mondays and Fridays. After the summer holidays, they will introduce themselves to you in the first newsletter of 2020-2021.

### Farewell group 8

This school year, the farewell of group 8 will be very different from other years. Normally there is a farewell evening in the last school week where parents and family are present to watch the performance of a musical. Unfortunately, all this is canceled because of the corona measures. The finishing touches are currently being put on a beautiful film production of the final musical in which

our students play all roles. This film will be shown to the Schreuder students (groups 4-8) on a large screen in the gym on Wednesday 1 July. We are really looking forward to see the end result! At the end of the school day, we will wave goodbye to the group of 8 students throughout the school. From the top stairs to the exit we will sing for group 8 and say good bye. The parents of group 8 have

been asked to stay in the schoolyard from 12.45 so that we can say goodbye as a team to the students and the parents of group 8! We don't reveal everything yet, but it will be special!

### “Wenmoment” new groups

Thursday afternoon, July 2, from 1:30 pm to 2:30 pm, we will hold our annual “wenmoment”. In that hour, the students move on to the next group to get used to the group, teacher and classroom where they will be next school year. The new students, who will start next school year, are also invited to attend that afternoon.

This years “wenmoment” is extra special, because more than 90 students of the Vlinderboom will come too. These are more than 30 students for the uniQ groups and a separate group 8 of 23 students. The other students are divided between the regular Schreuder groups.

### Outflow to secondary education group 8

Every year we display the results of the final test of our group 8 students. This year, all final tests of group 8 were canceled due to the closure of the schools due to the corona crisis. The government has decided that the school advice will be the ultimate advice for secondary education.

Below you can see the outflow to the secondary schools.

	VWO	VWO/HAVO	HAVO	VMBO-T/HAVO	VMBO-T	VMBO-K/B
<b>2017</b>	31,4%	17,1%	17,1%	8,6%	8,6%	17,1%
<b>2018</b>	33%	24%	19%	14%	9%	4%
<b>2019</b>	20,8%	20,8%	20,8%	-	25%	12,5%
<b>2020</b>	24%	20%	20%	-	24%	12%

We are very proud again of the results that our students have achieved. The students of group 8 all end up at a secondary school where they can develop further.

We wish all 32 students a lot of success and good luck at their secondary school.

### MR

Next year Schreuder welcomes many new students (and parents) of the Vlinderboom. Reason for the MR to decide to restore the existing composition of two teachers and two parents to the old composition of three to three.

MR teachers are elected every year in consultation with the management on the basis of the task policy. Bram Wijngaarden and Frank Reef will stay on behalf of the parent section next year. We are therefore looking for a parent to strengthen the MR for next year.

We would like to give the parents of (formerly) the Vlinderboom a voice in the MR. An existing MR parent member of the Vlinderboom has already indicated that he/she would like to strengthen the MR of Schreuder. If more than one parent applies as a candidate, the MR will hold elections.

NB. This message is also distributed to the parents of the Vlinderboom.

### Message from the MR

Last Monday, the MR held its last meeting of this school year. At the top of the agenda were the merger with the Vlinderboom and the closure of the Schreuder KDV / BSO. These are two different files for the MR.

The merger of the Vlinderboom with Schreuder has been a subject for which the MR has been asked for advice. As MR, we have advised positively for undisclosed reasons. The main reason is the decline in number of new students on both Schreuder and Vlinderboom.

Together we are stronger and with a greater influx than thought by AMOS we will be at a healthy level next year. With the arrival of uniQ we offer something that many other schools do not have. You can read the entire advice on the private section of the Schreuder Primary School website:

<https://www.instituutschreuder.nl/>> About the school> Documents> Advice MR Schreuder / Vlinderboom20200422

The closure of the Schreuder KDV / BSO is a subject in which the MR is formally no party. In this case, we have no right of advice. However, as a representation of parents and teachers, we are concerned and we also receive questions from parents. We especially regret how things turned out, because this has led to a lot of uncertainty and concerns among parents and also children. This has not been good for confidence in the school, despite the fact that management, MR and OR were not involved in this. In recent weeks, we have especially urged the AMOS board for clear and timely communication. Fortunately, this week there is clarity for parents regarding the continuation of the KDV and BSO at school.
